Dear Alfa

Thank you again for your time yesterday at this very busy time of year. Abbas and I appreciate your open and supportive approach.

As agreed, we will update our cash forecast to reflect breakdown of revenue (SLA and OSR) and net position including interventions. Abbas will send that through ASAP, along with an estimate of support required for 30 June.

Concurrently we will prepare a 3-5yr plan (capex and opex) reflecting Clinical Service Plan priority service level and mix, and related workforce models, to inform discussion with key NSW Health stakeholders in the New Year regarding a sustainable approach.

Re: SDPR, we will confirm co-contribution proposal ASAP in readiness for further discussions with NSW Health in the New Year.

Please let me know if I have missed anything.

Kind Regards and I hope you and your family have a lovely Christmas.

Anna
