

PROGRAM

# Intensive Care NSW

Forum

Tuesday, 11 June 2024

ICNSW

AGENCY FOR  
CLINICAL  
INNOVATION

## Overview

**The Agency for Clinical Innovation (ACI) works with clinicians, consumers and managers to design and promote better healthcare for NSW.**

ACI provide expertise in service redesign and evaluation, specialist advice on healthcare innovation, initiatives including clinical guidelines and models of care, implementation support, knowledge sharing and continuous capability building.

The purpose of Intensive Care NSW is to promote the delivery of quality intensive care by sharing knowledge and ideas. Our vision is that:

*The people of NSW have timely access to quality intensive care, close to where they live.*

### Aims:

The aims of the Forum are to:

- share with NSW Intensive Care leaders state-wide activities and projects currently underway
- provide an opportunity for Intensive Care leaders to present and discuss local projects and innovation
- facilitate networking between NSW Intensive Care clinicians
- obtain feedback and advice on current and future work priorities for Intensive Care

### Working towards a sustainable future:

Intensive Care NSW supports actions to achieve a sustainable future for our environment. We ask delegates to consider bringing along their name tag and a reusable cup to use on the day.

### COVID-19 Safety:

If you have any COVID-19 symptoms, please do not attend the forum. Alcohol based hand rub will be available at the venue. If you wish to wear a face mask, please bring your own.

### Venue:

1 Reserve Road, St Leonards

### Parking:

See parking and travel advice attached at the end of this program.

### Contact:
