24<sup>th</sup> October 2022

**Re. Feedback, Issues and Questions arising from Concord Repatriation General Hospital Medical Staff Council Members Meeting, 13<sup>th</sup> October 2022.**

Dear Joseph,

The Concord Repatriation General Hospital Medical Staff Council members met on the 13<sup>th</sup> October 2022.

This letter is to provide you with written feedback from this Members' meeting, so that you and the SLHD can be aware of the issues, relevant to you and the SLHD, that were discussed.

There were several issues from the meeting that the MSC members wanted the Executives to review:

**1 TESL**

There have been problems with slow payment of TESL. The problem appears to be after the signoff by the Concord General Manager, at the district level. There are also other TESL paperwork holdups and inefficiencies which the members will tell you about at the upcoming meeting.

**2 Budget Details and Clarification**

Some MSC members are not clear about the budget implications for Concord Hospital this financial year. Many listened to Teresa's budget presentation earlier in the year.

We would like to arrange for someone to give us a budget presentation, primarily with a Concord Hospital focus.

**3 Concord Hospital Stage 2 Redevelopment**

The MSC members wanted more information on how to progress the Stage 2 redevelopment of Concord Hospital. Several are interested in contributing to the Stage 2 redevelopment group when it is formed.

There are also questions about the clinical services plan, and how this should be updated to address the new redevelopment.

#### **4 In-person meetings**

Are there any updates on when in-person meetings may be restarting?

Please let me know if you have any queries.

Yours Sincerely,

Winston Cheung,  
Chair,  
Medical Staff Council,  
Concord Repatriation General Hospital.
