Ms Carmen Rechbauer

Current role

HealthShare NSW, Chief Executive

August 2018–current

Leads a statewide organisation of 8,000 employees delivering a range of services to the NSW Health system. Responsibilities include ensuring the organisation achieves its strategic and operational objectives; a constructive culture is promoted and embedded; people, assets and finances are managed effectively; services are commercially competitive; innovation is fostered; and customer service is responsive and accountable. Key initiatives included embedding sustainable practices across organisation; reshaping organisational structure to better meet customer needs; and improving staff and patient experiences through system-wide reform.
