

**Amanda Bock**

## Current role

---

2011 – Present

### **Health Infrastructure (NSW)**

#### **Executive Director, Rural & Regional (from Jan 2021)**

Health Infrastructure plans, manages and delivers major capital works projects and programs within the NSW Health Capital Program. The project portfolio has an annual capital spend of more than \$2B.

In my role of Executive Director, I provide strategic leadership and management for the implementation of major capital infrastructure projects and programs across the NSW Health System, with a focus on regional and rural areas. I lead and manage a team of Senior Project Directors, Project Directors and Communications Managers and am responsible for ensuring the successful delivery of projects and programs in Rural & Regional NSW with a total value of over \$4B and an annual spend of c\$500M. As Executive Director, I am also responsible to ensure the wider team, including engaged Project Managers and consultants, are aligned to the strategic directions of HI and undertake effective community and stakeholder management, communications management and reporting within the project governance framework.
