

Simon Hill – 25 years' experience in NSW

General Manager Hornsby Ku-ring-gai Hospital (HKH)

**General Manager Hornsby Ku-ring-gai Hospital
Northern Sydney LHD**

February 2021 –current

As the General Manager of HKH Simon leads and directs clinical service delivery, determining operational priorities and setting service delivery goals, standards and performance measures to ensure that service delivery strategies are aligned with NSLHD/NSWH objectives. Simon values the importance of staff and patient engagement to continuously improve the quality and safety of healthcare services. Simon has a passion for the public health sector and particular interests in developing staff and creating contemporary health care environments that are patient-centred.

Recent experience

**Director Information Communication & Technology (ICT) -
Northern Sydney and Central Coast Local Health Districts
(NS & CC LHDs)**

2015 –February 2021

Leading the ICT strategy and providing advice to the Chief Executive and Boards of both the NSLHD and CCLHD's. Includes shaping ICT roadmaps and planning for short and long term needs whilst supporting major enterprise level infrastructure and digital transformational change reforms.

**Project Manager Redevelopments/Business Planning and
Development Manager Information Communication &
Technology (ICT) -Northern Sydney and Central Coast
Local Health Districts (NS & CC LHDs)**

2013-2015

Provided oversight for all ICT deliverables on multiple hospital Redevelopment Projects across the NS and CC LHD's and included the leadership, delivery, financial/resource management of all ICT activities within project deadlines.

Northern Sydney and Central Coast Area Health Service (NSCCAHS) ICT Project Manager -Royal North Shore Hospital (RNSH) Redevelopment PPP Project 2010 -2013

Successful delivery of the overall ICT project scope including new ICT equipment procurement, stakeholder negotiations and engagement, risk/issue mitigation/management, ICT project team co-ordination and executive level reporting.

Education and qualifications

Bachelor of Applied Science -Health Information Management (BASC HIM) 1997
