# Service Agreement 2022-23

An agreement between the Sydney Local Health District and

Tresillian Family Care Centres for the period 1 July 2022 - 30 June 2023

# NSW Health Service Agreement - 2022-23

### Principal purpose

Service Agreements support partnerships between Local Health Districts and Affiliated Health Organisations. The principal purpose of the Service Agreement is to set out the service and performance expectations for funding and other support provided to Tresillian Family Care Centres Affiliated Health Organisation (AHO) (the Organisation), to ensure the provision of equitable, safe, high quality and human-centred healthcare services in respect of its services recognised under the *Health Services Act 1997* supported by the District. It facilitates accountability to Government and the community for service delivery and funding.

The agreement articulates direction, responsibility and accountability across the NSW Health system for the delivery of high quality, effective healthcare services that promote, protect and maintain the health of the community, in keeping with NSW Government and NSW Health priorities. Additionally, it specifies the service delivery and performance requirements expected of the Organisation that will be monitored in line with the NSW Health Performance Framework.

The Agreement recognises and respects the health care philosophy of the AHO. In some instances there may be a Memorandum of Understanding or other agreement that operates within the context of this Agreement.

Tresillian Family Care Centres agrees to meet the service obligations and performance requirements outlined in this Agreement. Sydney Local Health District agrees to provide the funding and other support to Tresillian Family Care Centres outlined in this Agreement.

### Parties to the agreement

**Tresillian Family Care Centres** 

Dr Nick Kowalenko

### 1. Legislation, governance and performance framework

### 1.1 Legislation

#### 1.1.1 Preamble

The Health Services Act 1997 (the "Act") provides the framework for the NSW public health system. Section 7 of the Act provides that the public health system constitutes, inter alia, Local Health Districts and Affiliated Health Organisations in respect of their recognised services and recognises establishments (s.6). The Act defines Local Health Districts and Affiliated Health Organisations as public health organisations (s.7).

A Local Health District is a public health organisation that facilitates the conduct of public hospitals and health institutions in a specific geographical area for the provision of public health services for that specific area.

The principal reason for recognising services and establishments or organisations as Affiliated Health Organisations is to enable certain non-profit, religious, charitable or other non-government organisations and institutions to be treated as part of the public health system where they control hospitals, health institutions, health services or health support services that significantly contribute to the operation of the system (s.13).

#### 1.1.2 Local Health Districts

The *Health Services Act 1997* provides a legislative framework for the public health system, including setting out purposes and/or functions in relation to Districts (ss. 9, 10, 14).

Under the Act the Health Secretary's functions include: the facilitation of the achievement and maintenance of adequate standards of patient care within public hospitals, provision of governance, oversight and control of the public health system and the statutory health organisations within it, as well as in relation to other services provided by the public health system, and to facilitate the efficient and economic operation of the public health system (s.122).

The Act allows the Health Secretary to enter into performance agreements with Districts and Networks in relation to the provision of health services and health support services (s.126). The performance agreement may include provisions of a service agreement.

Under the Act the Minister may attach conditions to the payment of any subsidy (or part of any subsidy) (s.127). As a condition of subsidy all funding provided for specific purposes must be used for those purposes unless approved by the Health Secretary.

### 1.1.3 Service Agreements between Local Health Districts and Affiliated Health Organisations

This Service Agreement constitutes the performance agreement under section 130 of the Act. Section 130 provides for Local Health Districts exercising the delegated function of determining subsidies for Affiliated Health Organisations to enter into performance agreements with Affiliated Health Organisations in respect of recognised establishments and established services and may detail performance targets and provide for evaluation and review of results in relation to those targets.

Section 130 of the Act addresses performance agreements between local health districts and affiliated health organisations:

(1) A Local Health District exercising a function delegated under section 129 in respect of an affiliated health organisation may enter into a performance agreement with the Affiliated Health Organisation in respect of its recognised establishments and recognised services.

### (2) A performance agreement:

- (a) may set operational performance targets for the Affiliated Health Organisation in the exercise of specified functions in relation to the health services concerned during a specified period, and
- (b) may provide for the evaluation and review of results in relation to those targets.
- (3) The Affiliated Health Organisation must, as far as practicable, exercise its functions in accordance with the performance agreement.
- (4) The Affiliated Health Organisation is to report the results of the organisation's performance under a performance agreement during a financial year to the local health district within 3 months of the end of that year.
- (5) The Local Health District is to evaluate and review the results of the organisation's performance for each financial year under the performance agreement and to report those results to the Secretary, NSW Health.
- (6) The Secretary, NSW Health may make such recommendations to the Minister concerning the results reported to the Secretary, NSW Health under subsection (5) as the Secretary, NSW Health thinks fit.

While the Act requires a formal annual report, effective performance management will require more frequent reviews of progress against agreed priorities and service performance measures by the parties to the Service Agreement.

### 1.1.4 Subsidy and financial framework

In accordance with Section 127 (Determination of Subsidies) of the *Health Services Act 1997*, the Minister for Health approves the initial cash subsidies to NSW Health Public Health Organisations for the relevant financial year.

All NSW Health public health organisations must ensure that the subsidy is expended strictly in accordance with the Minister's approval and must comply with other conditions placed upon the payment of the subsidy.

The key condition of subsidy is the *Accounts and Audit Determination for Public Health Organisations*. Under section 127(4) of the *Health Services Act 1997* the Secretary, NSW Health, as delegate of the Minister, has determined that it shall be a condition of the receipt of Consolidated Fund Recurrent Payments and Consolidated Fund Capital Payments that every public health organisation receiving such monies shall comply with the applicable requirements of the *Accounts and Audit Determination and the Accounting Manual for Public Health Organisations*.

The Secretary, NSW Health may impose further conditions for Consolidated Fund Payments as may be deemed appropriate in relation to any public health organisation.

Under the Accounts and Audit Determination the governing body of a public health organisation must ensure:

- the proper performance of its accounting procedures including the adequacy of its internal controls;
- the accuracy of its accounting, financial and other records;
- the proper compilation and accuracy of its statistical records; and
- the due observance of the directions and requirements of the Secretary, NSW Health and the Ministry
  as laid down in applicable circulars, policy directives and policy and procedure manuals issued by the
  Minister, the Secretary, NSW Health and the Ministry.

### 1.2 Variation of the agreement

The Agreement may be amended at any time by agreement in writing by all the parties. The Agreement may also be varied by the Secretary or the Minister as provided in the Health Services Act 1997. Any

updates to finance or activity information further to the original contents of the Agreement will be provided through separate documents that may be issued in the course of the year.

The parties are to agree on an appropriate local dispute resolution process. Should a dispute be unable to be resolved by the relevant officers the matter should be escalated, in the first instance to the relevant Chief Executives and, if not resolved, subsequently to the Secretary, NSW Health.

\*Note: The parties may insert a description here of any locally agreed dispute resolution process and refer to further documents, if necessary, which may be attached at Section 8 – Other Relevant Agreements.

### 1.3 National Agreement

The National Cabinet has reaffirmed that providing universal healthcare for all Australians is a shared priority and agreed in a Heads of Agreement for public hospitals funding from 1 July 2020 to 30 June 2025. That Agreement maintains activity based funding and the national efficient price.

#### 1.4 Governance

The Organisation must ensure that all applicable duties, obligations and accountabilities are understood and complied with, and that services are provided in a manner consistent with all NSW Health policies, procedures, plans, circulars, inter-agency agreements, Ministerial directives and other instruments and statutory obligations.

### 1.4.1 Clinical governance

NSW public health services are accredited against the National Safety and Quality Health Service Standards.

The <u>Australian Safety and Quality Framework for Health Care</u> provides a set of guiding principles that can assist health services with their clinical governance obligations.

The NSW Health <u>Patient Safety and Clinical Quality Program (PD2005 608)</u> provides an important framework for improvements to clinical quality.

#### 1.4.2 Corporate governance

The Organisation must ensure services are delivered in a manner consistent with the <u>NSW Health Corporate</u> <u>Governance and Accountability Compendium</u>.

### 1.4.3 Procurement governance

The Organisation must ensure procurement of goods and services complies with <u>NSW Health Goods and Services Procurement Policy (PD2019 028)</u>.

### 1.4.4 Aboriginal Procurement Policy

The NSW Government support employment opportunities for Aboriginal people, and the sustainable growth of Aboriginal businesses by driving demand via Government procurement of goods, services and construction. NSW Government agencies must apply the <u>Aboriginal Procurement Policy</u> to all relevant procurement activities.

### 1.4.5 Performance Framework

Service Agreements are a central component of the <u>NSW Health Performance Framework</u> which documents how the Ministry of Health monitors and assesses the performance of public sector health services to achieve expected service levels, financial performance, governance and other requirements.

### 2. Strategic priorities

The delivery of NSW Health strategies and priorities is the responsibility of the Ministry of Health, health services and support organisations. These are to be reflected in the strategic, operational and business plans of these entities.

It is recognised that the Organisation will identify and implement local priorities to meet the needs of their respective populations taking into consideration the needs of their diverse communities. In doing so they will:

- work together with clinical staff about key decisions, such as resource allocation and service planning
- engage in appropriate consultation with patients, carers and communities in the design and delivery of health services.

### 2.1 Future Health: Strategic Framework

The Future Health Strategic Framework is the roadmap for the health system to achieve NSW Health's vision. It will guide the next decade of care in NSW 2022-32, while adapting to and addressing the demands and challenges facing our system. The framework is also a reflection of the aspirations of the community, our patients, workforce and partners in care for how they envisage our health system by 2031.

Strategic outcomes Key objectives	
Patients and carers have positive 1.1 Partner with patients and communities to make decisions about their	own care
experiences and outcomes that matter: 1.2 Bring kindness and compassion into the delivery of personalised and c	ulturally safe care

and environmentally sustainable future. Future Health	

#### 2.2 NSW Premier's Priorities

In June 2019, the NSW Premier set new social priorities to tackle tough community challenges, lift the quality of life for everyone in NSW and put people at the heart of everything the Government does.

NSW Health is leading three priorities for improving the health system:

#### Improving outpatient and community care

Reduce preventable hospital visits by 5% through to 2023 by caring for people in the community.

#### Improving service levels in hospitals

100% of all triage category 1, 95% of triage category 2, and 85% of triage category 3 patients commencing treatment on time by 2023

### Towards zero suicides

Reduce the rate of suicide deaths in NSW by 20% by 2023.

NSW Health staff will continue to work together to deliver a sustainable health system that delivers outcomes that matter to patients and the community, is personalised, invests in wellness and is digitally enabled.

#### 2.3 NSW Health Outcome and Business Plan

The NSW Health Outcome and Business Plan is an agreement between the Minister for Health, the Secretary, NSW Health and the NSW Government setting out the outcomes and objectives that will be the focus for the current period.

NSW Health has identified five state outcomes that it will achieve for the people of NSW:

- 1. Keeping people healthy through prevention and health promotion
- 2. People can access care in out of hospital settings to manage their health and wellbeing
- 3. People receive timely emergency care
- 4. People receive high-quality, safe care in our hospitals
- 5. Our people and systems are continuously improving to deliver the best health outcomes and experiences

To achieve these outcomes, NSW Health has set a series of ambitious targets and has a comprehensive program of change initiatives in place. These targets have been built into key performance indicators in the Service Agreement, the NSW Health Performance Framework, the NSW Health Purchasing Framework and the funding model.

### NSW health services and networks

Affiliated Health Organisations and Districts are to collaborate in short, medium and long term planning processes relevant to the Organisation, including consideration of any capital and procurement.

Each NSW Health service including AHOs are part of integrated networks of clinical services that aim to ensure timely access to appropriate care for all eligible patients. The Organisation must ensure effective contribution, where applicable, to the operation of statewide and local networks of retrieval, specialty service transfer and inter-district networked specialty clinical services as agreed.

### 3.1 District responsibilities to AHOs

In keeping with the AHO's recognised establishments and recognised services, Districts must negotiate, on the same basis as other facilities within the District, access to the following:

- · Continuity of (non-inpatient) acute care services
- Specialised services (e.g. orthotics, specialised seating, bio-medical engineering, pathology, patient transport)
- Training programs, particularly mandatory training, run by the Health Education and Training Institute
- NSW support programs offered by pillar organisations
- eMR, eRecruitment, IIMS II (RiskMan) and other NSW Health systems conducive to the fulfilment of the AHO's service, quality and safety and clinical training obligations.
- Agreed and clearly articulated information management support for IT hardware, software and systems support and integration
- Engagement and participation of AHO Chief Executive Officers in District budget planning and negotiations.
- Access to capital support and the Asset Replacement and Refurbishment Plan where services are situated on NSW Health property
- Engagement and participation of AHO Chief Executive Officers in District senior leadership committees and with pillar and support organisations as required.
- EAP services
- Access to District Training and Development Services & courses

### 3.2 Key Clinical Services Provided to Other Health Services

The Organisation is also to ensure continued provision of access by other Districts and Networks, as set out in the table below. The respective responsibilities should be incorporated in formal service agreements between the parties.

Service	Recipient Health Service
Residential Services	State-wide
Virtual Residential Parenting Service	State-wide
Day Services	State-wide
Parents Helpline	State-wide
Home visiting Service including Extended Home Visiting Program	State-wide
Perinatal and infant mental health service	State-wide

### 3.3 Cross district referral networks

Districts and Networks are part of a referral network with other relevant services, and must ensure the continued effective operation of these networks, especially the following:

- Critical Care Tertiary Referral Networks and Transfer of Care (Adults) (PD2018 011)
- Interfacility Transfer Process for Adult Patients Requiring Specialist Care (PD2011 031)
- Critical Care Tertiary Referral Networks (Paediatrics) (PD2010 030)
- Children and Adolescents Inter-Facility Transfers (PD2010 031)
- Tiered Networking Arrangements for Perinatal Care in NSW (PD2020 014)
- NSW Critical Care Tertiary Referral Networks and Transfer of Care (Adults) (PD2018 011)
- Children and Adolescents with Mental Health Problems Requiring Inpatient Care (PD2011 016)
- Adult Mental Health Intensive Care Networks (PD2019 024)
- <u>State-wide Intellectual Disability Mental Health Hubs</u> (Services provided as per March 2019 Service Level Agreements with Sydney Children's Hospitals Network and Sydney Local Health District).

### 3.4 Supra LHD services

Under the <u>NSW Framework for New Health Technologies and Specialised Services (GL2018 023)</u>, Supra LHD services are provided across District and Network boundaries to provide equitable access for everyone in NSW.

The following information is included in all Service Agreements to provide an overview of recognised Supra LHD services and Nationally Funded Centres in NSW.

Supra LHD Services	Measurement Unit	Locations	Service requirement
Adult Intensive Care Unit	Beds/NWAU	Royal North Shore (38) Westmead (49) Nepean (21) Liverpool (38 + 2/561 NWAU22) Royal Prince Alfred (51) Concord (16) Prince of Wales (23) John Hunter (26 + 2/561 NWAU22) St Vincent's (21) St George (36)	Services to be provided in accordance with Critical Care Tertiary Referral Networks & Transfer of Care (Adults) policy.  Units with new beds in 2022/23 will need to demonstrate networked arrangements with identified partner Level 4 AICU services, in accordance with the recommended standards in the NSW Agency for Clinical Innovation's Intensive Care Service Model: NSW Level 4 Adult Intensive Care Unit

Supra LHD Services	Measurement Unit	Locations	Service requirement
Neonatal Intensive Care Service	Beds	SCHN Randwick (4) SCHN Westmead (23) Royal Prince Alfred (22) Royal North Shore (16 + 1/319 NWAU22) Royal Hospital for Women (17) Liverpool (16 + 1/319 NWAU22) John Hunter (19) Nepean (12) Westmead (24)	Services to be provided in accordance with NSW Critical Care Networks (Perinatal) policy
Paediatric Intensive Care	NWAU	SCHN Randwick (13) SCHN Westmead (22) John Hunter (5)	Services to be provided in accordance with NSW Critical Care Networks (Paediatrics) policy
Mental Health Intensive Care	Access	Concord - McKay East Ward Hornsby - Mental Health Intensive Care Unit Prince of Wales - Mental Health Intensive Care Unit Cumberland — Yaralla Ward Orange Health Service - Orange Lachlan Intensive Care Unit Mater, Hunter New England — Psychiatric Intensive Care Unit	Provision of equitable access.  Services to be provided in accordance with Adult Mental Health Intensive Care Networks policy PD2019_024
Adult Liver Transplant	Access	Royal Prince Alfred	Dependent on the availability of matched organs, in accordance with The Transplantation Society of Australia and New Zealand, Clinical Guidelines for Organ Transplantation from Deceased Donors, Version 1.6— May 2021
State Spinal Cord Injury Service (adult and paediatric)	Access	Prince of Wales Royal North Shore Royal Rehabilitation Centre, Sydney SCHN – Westmead and Randwick	Services to be provided in accordance with Critical Care Tertiary Referral Networks & Transfer of Care (Adults) and Critical Care Tertiary Referral Networks (Paediatrics) policies.  Participation in the annual reporting process.
Blood and Marrow Transplantation — Allogeneic	Number	St Vincent's (38) Westmead (71) Royal Prince Alfred (26) Liverpool (18) Royal North Shore (47) SCHN Randwick (26) SCHN Westmead (26)	Provision of equitable access
Blood and Marrow Transplant Laboratory	Access	St Vincent's - to Gosford Westmead – to Nepean, Wollongong, SCHN Westmead	Provision of equitable access.

Supra LHD Services	Measurement Unit	Locations	Service requirement
Complex Epilepsy	Access	Westmead Royal Prince Alfred Prince of Wales SCHN	Provision of equitable access.
Extracorporeal Membrane Oxygenation Retrieval	Access	Royal Prince Alfred St Vincent's SCHN	Services to be provided in accordance with the NSW Agency for Clinical Innovation's ECMO services – Adult patients: Organisational Model of Care and ECMO retrieval services – Neonatal and paediatric patients: Organisational Model of Care
Heart, Lung and Heart Lung Transplantation	Number of Transplants	St Vincent's (106)	To provide heart, lung and heart lung transplantation services at a level where all available donor organs with matched recipients are transplanted. These services will be available equitably to all referrals. Dependent on the availability of matched organs in accordance with The Transplantation Society of Australia and New Zealand, Clinical Guidelines for Organ Transplantation from Deceased Donors, Version 1.6— May 2021.
High Risk Maternity	Access	Royal Prince Alfred Royal North Shore Royal Hospital for Women Liverpool John Hunter Nepean Westmead	Access for all women with high risk pregnancies, in accordance with NSW Critical Care Networks (Perinatal) policy
Peritonectomy	NWAU	St George (116) Royal Prince Alfred (68)	Provision of equitable access for referrals as per agreed protocols
Severe Burn Service	Access	Concord Royal North Shore SCHN Westmead	Services to be provided in accordance with Critical Care Tertiary Referral Networks & Transfer of Care (Adults), Critical Care Tertiary Referral Networks (Paediatrics) policies and the NSW Agency for Clinical Innovation's NSW Burn Transfer Guidelines.
Sydney Dialysis Centre	Access	Royal North Shore	In accordance with the Sydney Dialysis Centre funding agreement with Northern Sydney Local Health District
Hyperbaric Medicine	Access	Prince of Wales	Provision of equitable access to hyperbaric services.
Haematopoietic Stem Cell Transplantation for Severe Scleroderma	Number of Transplants	St Vincent's (10)	Provision of equitable access for all referrals as per NSW Referral and Protocol for Haematopoietic Stem Cell Transplantation for Systemic Sclerosis, BMT Network, Agency for Clinical Innovation, 2016.  Participation in the annual reporting process.

Supra LHD Services	Measurement Unit	Locations	Service requirement
Neurointervention Services endovascular clot retrieval for Acute Ischaemic Stroke	Access	Royal Prince Alfred Prince of Wales Liverpool John Hunter SCHN	As per the NSW Health strategic report - Planning for NSW NI Services to 2031  Participation in annual reporting process.  Participation in the annual reporting process.
Organ Retrieval Services	Access	St Vincent's Royal Prince Alfred Westmead	Services are to be provided in line with the clinical service plan for organ retrieval.  Services should focus on a model which is safe, sustainable and meets donor family needs, clinical needs and reflects best practice.
Norwood Procedure for Hypoplastic Left Heart Syndrome (HLHS)	Access	SCHN Westmead	Provision of equitable access for all referrals
Telestroke	Access for up to 23 referring sites in rural and regional NSW	Prince of Wales	As per individual service agreements  Participation in annual reporting process.  Participation in the annual reporting process.
High risk Transcatheter Aortic Valve Implantation (TAVI)	Access for patients at high surgical risk	St Vincent's Royal Prince Alfred Royal North Shore South Eastern Sydney Local Health District John Hunter Liverpool Westmead	Delivery of additional procedures, including targets for patients from regional or rural NSW in line with correspondence from NSW Ministry of Health All services must: Be accredited through Cardiac Accreditation Services Limited, including accreditation of the hospital and clinicians. Establish referral pathways to ensure statewide equity of access Include high risk TAVI patients in surgical waitlists Undertake data collection as required by the ACOR registry and collect patient-reported outcomes and experience Participate in the annual reporting and any required evaluation activities
CAR T-cell therapy: Acute lymphoblastic leukaemia (ALL) for children and young adults:	Access	Sydney Children's Hospital, Randwick Royal Prince Alfred Hospital	As per individual CAR T cell therapy service agreements.  Compliance with the annual reporting process.
Adult diffuse large B-cell lymphoma (DLBCL)		Royal Prince Alfred Hospital Westmead hospital	
Gene therapy for inherited retinal blindness	Access	SCHN	As per individual service delivery agreement currently in development.
Gene therapy for paediatric spinal muscular atrophy	Access	SCHN Randwick	Provision of equitable access for all referrals.

# 3.5 Nationally Funded Centres

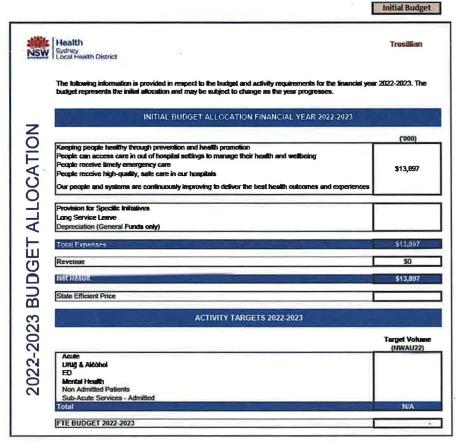

Service name	Locations	Service requirement
Pancreas Transplantation – Nationally Funded Centre	Westmead	As per Nationally Funded Centre Agreement - Access for all patients across Australia
Paediatric Liver Transplantation – Nationally Funded Centre	SCHN Westmead	accepted onto Nationally Funded Centre program
Islet Cell Transplantation – Nationally Funded Centre	Westmead	

## 4. Budget

Local Health Districts have responsibility for funding AHO service delivery across district borders where an organisation has statewide or cross-border sites listed in Schedule 3 of the *Health Services Act 1997*. The Budget includes an indicative split based on service delivery.

The Local Health District also undertakes to advise the AHO of opportunities for additional funding as they arise at any time, through the life of this Agreement.

\*Note: The AHO and LHD are to agree the content, taking into consideration that Budget information should be sufficient for the AHO to readily understand the budget allocation. Negotiations are to specifically include obligation to share and make transparent all opportunities for application, negotiation and/or disbursement of growth/expansion/enhancement funding.

This schedule represents the NSW Treasury's transition to Outcome Budgeting (TPP 18-00) and aligns to the NSW Health Outcome and Business Plan 2022-23. The NSW Treasury Outcome Budgeting initiative intends to transform the way budget decisions are made, and resources are managed in the NSW public sector. The initiative aims to shift the focus of the NSW Greenment to deliver better outcomes for the people of ISSW (TPP 18-00).

As this transition will take place across several years, figures listed in this solvidule are currently unable to accurately be carried through from LHDGHN budgets to each famility sources will therefore be consolicated at a LHDGHN with investment allocation managed locally.
Figures included in this schedule do not include 2022-2023 stimulus familing in response to the COVID-19 pandemic.
