Service Agreement 2021-22

AN AGREEMENT BETWEEN

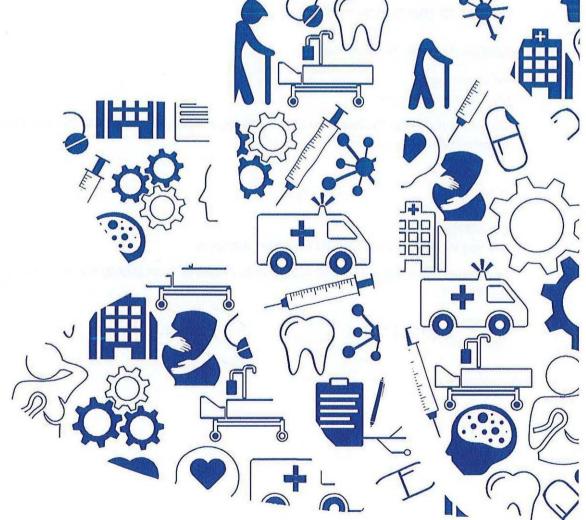

South Eastern Sydney Local Health District

AND

The Uniting Church in Australia Property Trust (NSW) for War Memorial Hospital (Waverley)

FOR THE PERIOD

1 July 2021 - 30 June 2022

NSW Health Service Agreement – 2021-22

Principal Purpose

Service Agreements support partnerships between Local Health Districts and Affiliated Health Organisations. The principal purpose of this Service Agreement is to set out the service and performance expectations for the funding and other support provided to War Memorial Hospital Affiliated Health Organisation (AHO) (the Organisation) to ensure the provision of equitable, safe, high quality, patient-centred healthcare in respect of its services recognised under the *Health Services Act 1997* supported by the District.

The Agreement articulates direction, responsibility and accountability across the NSW Health system for the delivery of NSW Government and NSW Health priorities. It specifies the service delivery and performance requirements expected of the Organisation that will be monitored consistent with the NSW Health Performance Framework.

The Agreement recognises and respects the health care philosophy of the AHO. In some instances there may be a Memorandum of Understanding or other agreement that operates within the context of this Agreement.

War Memorial Hospital AHO agrees to meet the service obligations and performance requirements outlined in this Agreement. South Eastern Sydney Local Health District agrees to provide the funding and other support to War Memorial Hospital AHO outlined in this Agreement.

Parties to the agreement

1. Objectives of the service agreement

As part of the Public Health Service, Affiliated Health Organisations provide a valued range of services, and support the Districts and Networks in delivering their service obligations:

- To give effect to the partnership between War Memorial Hospital (WMH) AHO and South Eastern Sydney Local Health District (SESLHD) by clearly setting out the service delivery and performance expectations for the funding and other support provided to the Organisation.
- To enable WMH AHO to contribute to SESLHD's delivery of high quality, effective services that
 promote, protect and maintain the health of the community, and provide care and treatment to
 sick and injured people, taking into account the particular needs of their diverse communities.
- To articulate responsibilities and accountabilities across all NSW Health entities and AHOs for the delivery of the priorities of the NSW Government and NSW Health.
- To develop formal and ongoing, effective partnerships with Aboriginal Community Controlled Health Services ensuring all health plans and programs developed by Districts and AHOs include measurable objectives that reflect agreed Aboriginal health priorities.
- · To promote accountability to Government and the community for service delivery and funding.
- To ensure that the CORE Values of Collaboration, Openness, Respect and Empowerment are reinforced throughout NSW Health. These CORE values do not replace but work in conjunction with the Affiliated Health Organisation's mission and values.

2. Legislation, governance and performance framework

2.1 Legislation

2.1.1 Preamble

The *Health Services Act 1997* (the "Act") provides the framework for the NSW public health system. Section 7 of the Act provides that the public health system constitutes, inter alia, Local Health Districts and Affiliated Health Organisations in respect of their recognised services and recognises establishments (s.6). The Act defines Local Health Districts and Affiliated Health Organisations as public health organisations (s.7).

A Local Health District is a public health organisation that facilitates the conduct of public hospitals and health institutions in a specific geographical area for the provision of public health services for that specific area.

The principal reason for recognising services and establishments or organisations as Affiliated Health Organisations is to enable certain non-profit, religious, charitable or other non-government organisations and institutions to be treated as part of the public health system where they control hospitals, health institutions, health services or health support services that significantly contribute to the operation of the system (s.13).

2.1.2 Local Health Districts

The *Health Services Act 1997* provides a legislative framework for the public health system, including setting out purposes and/or functions in relation to Districts (ss. 9, 10, 14).

Under the Act the Health Secretary's functions include: the facilitation of the achievement and maintenance of adequate standards of patient care within public hospitals, provision of governance, oversight and control of the public health system and the statutory health organisations within it, as well as in relation to other services provided by the public health system, and to facilitate the efficient and economic operation of the public health system (s.122).

The Act allows the Health Secretary to enter into performance agreements with Districts and Networks in relation to the provision of health services and health support services (s.126). The performance agreement may include provisions of a service agreement.

Under the Act the Minister may attach conditions to the payment of any subsidy (or part of any subsidy) (s.127). As a condition of subsidy all funding provided for specific purposes must be used for those purposes unless approved by the Health Secretary.

2.1.3 Service Agreements between Local Health Districts and Affiliated Health Organisations

This Service Agreement constitutes the performance agreement under section 130 of the Act. Section 130 provides for Local Health Districts exercising the delegated function of determining subsidies for Affiliated Health Organisations to enter into performance agreements with Affiliated Health Organisations in respect of recognised establishments and established services and may detail performance targets and provide for evaluation and review of results in relation to those targets.

Section 130 of the Act addresses performance agreements between local health districts and affiliated health organisations:

- (1) A Local Health District exercising a function delegated under section 129 in respect of an affiliated health organisation may enter into a performance agreement with the Affiliated Health Organisation in respect of its recognised establishments and recognised services.
- (2) A performance agreement:
 - (a) may set operational performance targets for the Affiliated Health Organisation in the exercise of specified functions in relation to the health services concerned during a specified period, and
 - (b) may provide for the evaluation and review of results in relation to those targets.
- (3) The Affiliated Health Organisation must, as far as practicable, exercise its functions in accordance with the performance agreement.
- (4) The Affiliated Health Organisation is to report the results of the organisation's performance under a performance agreement during a financial year to the local health district within 3 months of the end of that year.
- (5) The Local Health District is to evaluate and review the results of the organisation's performance for each financial year under the performance agreement and to report those results to the Secretary, NSW Health.
- (6) The Secretary, NSW Health may make such recommendations to the Minister concerning the results reported to the Secretary, NSW Health under subsection (5) as the Secretary, NSW Health thinks fit.

While the Act requires a formal annual report, effective performance management will require more frequent reviews of progress against agreed priorities and service performance measures by the parties to the Service Agreement.

2.1.4 Subsidy and financial framework

In accordance with Section 127 (Determination of Subsidies) of the *Health Services Act 1997*, the Minister for Health approves the initial cash subsidies to NSW Health Public Health Organisations for the relevant financial year.

All NSW Health public health organisations must ensure that the subsidy is expended strictly in accordance with the Minister's approval and must comply with other conditions placed upon the payment of the subsidy.

The key condition of subsidy is the *Accounts and Audit Determination for Public Health Organisations*. Under section 127(4) of the *Health Services Act 1997* the Secretary, NSW Health, as delegate of the Minister, has determined that it shall be a condition of the receipt of Consolidated Fund Recurrent Payments and Consolidated Fund Capital Payments that every public health organisation receiving such monies shall comply with the applicable requirements of the *Accounts and Audit Determination and the Accounting Manual for Public Health Organisations*.

The Secretary, NSW Health may impose further conditions for Consolidated Fund Payments as may be deemed appropriate in relation to any public health organisation.

Under the Accounts and Audit Determination the governing body of a public health organisation must ensure:

- the proper performance of its accounting procedures including the adequacy of its internal controls;
- the accuracy of its accounting, financial and other records;
- · the proper compilation and accuracy of its statistical records; and

 the due observance of the directions and requirements of the Secretary, NSW Health and the Ministry as laid down in applicable circulars, policy directives and policy and procedure manuals issued by the Minister, the Secretary, NSW Health and the Ministry.

2.2 Variation of the agreement

The Agreement may be amended at any time by agreement in writing by all the parties. The Agreement may also be varied by the Secretary or the Minister as provided in the Health Services Act 1997. Any updates to finance or activity information further to the original contents of the Agreement will be provided through separate documents that may be issued in the course of the year.

The parties are to agree on an appropriate local dispute resolution process. Should a dispute be unable to be resolved by the relevant officers the matter should be escalated, in the first instance to the relevant Chief Executives and, if not resolved, subsequently to the Secretary, NSW Health.

2.3 National Agreement

The National Cabinet has reaffirmed that providing universal healthcare for all Australians is a shared priority and agreed in a Heads of Agreement for public hospitals funding from 1 July 2020 to 30 June 2025. That Agreement maintains activity based funding and the national efficient price. There is a focus on improved patient safety, quality of services and reduced unnecessary hospitalisations. The Commonwealth will continue its focus on reforms in primary care that are designed to improve patient outcomes and reduce avoidable hospital admissions.

2.4 Governance

The Organisation must ensure that all applicable duties, obligations and accountabilities are understood and complied with, and that services are provided in a manner consistent with all NSW Health policies, procedures, plans, circulars, inter-agency agreements, Ministerial directives and other instruments and statutory obligations. SESLHD will include War Memorial Hospital in the distribution of such communications in alignment with other district hospitals as appropriate.

Quarterly performance meeting will be scheduled between SESLHD and War Memorial Hospital to provide assurance to Governance matters. These matters include but limited to; Quality and Safety, Financial Performance, Patient Experience, Risk Performance.

2.4.1 Clinical governance

NSW public health services are accredited against the *National Safety and Quality Health Service Standards*.

https://www.safetyandquality.gov.au/our-work/assessment-to-the-nsqhs-standards/nsqhs-standards-second-edition/

The Australian Safety and Quality Framework for Health Care provides a set of guiding principles that can assist health services with their clinical governance obligations.

 $\frac{https://www.safetyandquality.gov.au/publications-and-resources/resource-library/australian-safety-and-quality-framework-health-care\\$

The NSW Patient Safety and Clinical Quality Program provides an important framework for improvements to clinical quality.

http://www1.health.nsw.gov.au/pds/ActivePDSDocuments/PD2005_608.pdf

2.4.2 Corporate governance

The Organisation must ensure services are delivered in a manner consistent with the NSW Health Corporate Governance and Accountability Compendium (the Compendium) seven corporate governance standards. The Compendium is at:

http://www.health.nsw.gov.au/policies/manuals/pages/corporate-governance-compendium.aspx

Where applicable, the Organisation is to:

- Provide required reports in accordance with timeframes advised by the Ministry;
- Review and update the Manual of Delegations (PD2012_059) to ensure currency;
- Ensure recommendations of the NSW Auditor-General, the Public Accounts Committee and the NSW Ombudsman, where accepted by NSW Health, are actioned in a timely and effective manner, and that repeat audit issues are avoided.

2.4.3 Procurement governance

Affiliated Health Organisations will develop procurement capabilities and participate in whole of Health and Government procurement programs. The Organisation must ensure procurement of goods and services complies with the *NSW Health Goods and Services Procurement Policy Directive* (PD2019_028). This policy directive details the requirements for all staff undertaking procurement or disposal of goods and services on behalf of NSW Health.

The policy is at https://www1.health.nsw.gov.au/pds/Pages/doc.aspx?dn=PD2019 028

2.4.4 Aboriginal Procurement Policy

The NSW Government support employment opportunities for Aboriginal people, and the sustainable growth of Aboriginal businesses by driving demand via Government procurement of goods, services and construction. NSW Government agencies must apply the *Aboriginal Procurement Policy* to all relevant procurement activities. The policy is at: https://buy.nsw.gov.au/policy-library/policies/aboriginal-procurement-policy

2.4.5 Performance Framework

Service Agreements are a central component of the NSW Health Performance Framework, which documents how the Ministry monitors and assesses the performance of public sector health services to achieve expected service levels, financial performance, governance and other requirements.

The performance of a health service is assessed on whether the organisation is meeting the strategic objectives for NSW Health and government, the Premier's Priorities and performance against key performance indicators. The availability and implementation of governance structures and processes, and whether there has been a significant critical incident or sentinel event also influences the assessment.

The Framework sets out responses to performance concerns and management processes that support the achievement of outcomes in accordance with NSW Health and government policies and priorities. Performance concerns will be raised with the Organisation for focused discussion at performance review meetings in line with the NSW Health Performance Framework available at: http://www.health.nsw.gov.au/Performance/Pages/frameworks.aspx.

3. Strategic and local priorities

The delivery of NSW Health strategies and priorities is the responsibility of the Ministry of Health, health services and support organisations. These are to be reflected in the strategic, operational and business plans of these entities.

3.1 NSW Premier's Priorities

In June 2019, the NSW Premier set new social priorities to tackle tough community challenges, lift the quality of life for everyone in NSW and put people at the heart of everything the Government does.

NSW Health is leading the three priorities for improving the health system:

- Improving outpatient and community care
 Reduce preventable hospital visits by 5% through to 2023 by caring for people in the community.
- Improving service levels in hospitals
 100% of all triage category 1, 95% of triage category 2, and 85% of triage category 3 patients
 commencing treatment on time by 2023
- Towards zero suicides Reduce the rate of suicide deaths in NSW by 20% by 2023

NSW Health staff will continue to work together to deliver a sustainable health system that delivers outcomes that matter to patients and the community, is personalised, invests in wellness and is digitally enabled.

3.2 NSW Health Outcome and Business Plan 2019-20 to 2022-23

The NSW Treasury Outcome Budgeting initiative intends to transform the way budget decisions are made, and resources are managed in the NSW public sector. The overarching objective of Outcome Budgeting is to shift the focus of the NSW Government to deliver better outcomes for the people of NSW with increased transparency, accountability and value (TPP 18-09 – available at https://www.treasury.nsw.gov.au/sites/default/files/2018-12/TPP18-09%20Outcome%20Budgeting.pdf).

The NSW Health Outcome and Business Plan is an agreement between the Minister for Health and Medical Research, the Secretary, NSW Health and the NSW Government setting out the outcomes and objectives that will be the focus for the period 2019-20 to 2022-23.

NSW Health has identified five state outcomes that it will achieve for the people of NSW. The state outcomes cover the broad range of functions and services provided across care settings.

- 1. Keeping people healthy through prevention and health promotion
- 2. People can access care in out of hospital settings to manage their health and wellbeing
- 3. People receive timely emergency care
- 4. People receive high-quality, safe care in our hospitals
- Our people and systems are continuously improving to deliver the best health outcomes and experiences

To achieve these outcomes, NSW Health has set a series of ambitious targets and has a comprehensive program of change initiatives in place. These targets have been built into key performance indicators in the Service Agreement, the NSW Health Performance Framework, the NSW Health Purchasing Framework and the funding model.

3.3 Local priorities

Under the *Health Services Act 1997*, Boards have the function of ensuring that Districts and Networks develop strategic plans to guide the delivery of services, and for approving these plans.

The Organisation is responsible for developing the following plans with Board oversight:

- Strategic Plan
- Clinical Services Plans
- Safety and Quality Account and subsequent Safety and Quality Plan
- Workforce Plan
- Corporate Governance Plan
- Asset Strategic Plan

It is recognised that the Organisation will implement local priorities to meet the needs of their respective populations.

War Memorial Hospital Services include:

Services are comprised of 24 hour inpatient care, Day Rehabilitation and Monday to Friday outpatient departments. The hospital also has multiple specialist community teams inclusive of our community and Residential Aged Care Facility Geriatric Flying Squad (rapid response service), Young Onset Dementia Service, Transitional Aged Care, Aged Care Assessment Team (ACAT), 7 day a week Day Centre and Elizabeth Hunter Lodge, our 24 hour accommodation service for regional/rural guests, along with the full range of hospital support services.

Other key services include:

- Specialist Geriatric assessment
- Progressive neurological disorders
- · Falls management
- Comprehensive Allied Health Services Hydrotherapy
- Dementia services
- · Frailty intervention and reconditioning
- Specialised individual and group therapies

War Memorial Hospital comes from a belief that older people deserve the best possible care. Since 1985, WMH has been pioneering and inspiring a holistic approach to the wellbeing of older people with its specialist focus being aged rehabilitation. WMH has been on a mission to give people the best possible chance to live healthily into older age and to continue to enjoy the life they want to live, where they want to live. WMH delivers a personalised ecosystem of health services for people over the age of 65, leading to better patient outcomes. WMH is in the business of restoring the health of older Australians.

The hospital's flexible, agile approach means they give each and every patient individualised care and attention and a program that affords them the best chance of success. WMH takes both a proactive and reactive approach to care, depending on the circumstances of each and every person. This is only possible

through teamwork and the quality of the suite of multidisciplinary services that have been meticulously developed over the past 98 years.

Specialist Clinical Services:

- Medical, Nursing
- Nutrition, Dietetics, Occupational Therapy and Pharmacy
- Diversional Therapy, Physiotherapy, Podiatry and Psychology
- Social Work, Speech Pathology, Hydrotherapy and Continence

War Memorial Hospital Waverley's key objectives include:

- · To provide high quality integrated services for patients and their carers
- · To be a Centre of Excellence in the field of Aged Rehabilitation and assessment
- · To actively promote healthy ageing
- To be adaptable and flexible to the changing needs of the users of the services
- · To incorporate current trends and practices in the provision of services
- To provide training, education and support for staff and students and to participate in relevant clinical research
- · To manage the resources available to provide effective and efficient health care
- To promote active participation by patients and their carers in determining appropriate health care treatment
- · To evaluate all service delivery to ensure these goals are being met
- Improving care of the sub-acute and chronically ill through more community based integrated care and reducing unnecessary hospital readmissions
- To achieve agreed service measures

As a public health organisation within the SESLHD, War Memorial Hospital is invited to play an active role in District strategic and operational matters relevant to the hospital. To enable this, War Memorial Hospital represents as members on key committees, steering groups and working parties across the Local Health District.

War Memorial Hospital Services

War Memorial Hospital Waverley supports the District's Northern Sector by providing sub-acute aged assessment and rehabilitation, Transitional Aged Care program, ACAT and hosting the SESLHD ACAT Centralised Intake Service, ongoing care and health promotion for people aged over 60 years. The Hospital campus also accommodates the Prince of Wales Hospital Home Dialysis service, Northern Network Access and Referral Centre, Elizabeth Hunter Lodge partner accommodation unit and the Uniting Seniors Gym. War Memorial Hospital is a partner with the District and the St Vincent's Health Network in the development and delivery of planned, coordinated and comprehensive aged care services to people over 65 years in the District's Northern Sector.

WMH services to be provided include:

Clinical Services and specialties

Inpatient rehabilitation

Unit of 35 beds: Admission catchment includes those who live in the Waverley, Woollahra, Randwick and Botany Bay Local Government Areas and the suburbs of Alexandria, Beaconsfield, Rosebery Zetland, Kings Cross, Surry Hills, Elizabeth Bay, Potts Point, Darlinghurst, Sydney, East Sydney, Millers Point and Dawes Point

Non Admitted services - Outpatient services:

- o Geriatric Medical Assessment Service
- o Clinical Psychology: psychological assessment and therapy, neuropsychological assessment, education and research services to inpatient and outpatient
- o Podiatry Services
- o Nutrition and Dietetics services
- o Diversional Therapy
- o Physiotherapy
- o Occupational Therapy
- o Social Work
- o Speech Pathology and Communication Therapy
- o Continence Clinic
- o Parkinson's Disease: multidisciplinary assessment clinic, services and information Program
- o Primary Progressive Aphasia Service
- o Falls Assessment & Injury Prevention Clinic
- o Aquatic Physiotherapy / Hydrotherapy
- o Move and Stay Well exercise program
- o Parkinson's Disease "Speak up group"
- o Carers Group
- o The Geriatric Flying Squad (GFS)
- o Dementia Services
- o Day Centre
- o Six day a week Day Care service offering structured individual and small group activities (dementia or frail aged)
- · WMH provides a supported transport service for clients attending outpatient appointments
- · Equipment lending Pool is coordinated via the Occupational Therapy Department

Outpatient Department

Geriatric Flying Squad:

A rapid response multidisciplinary team who assess and treat patients in their homes and residential aged care facilities. The GFS facilitate an improved quality of life for many people through improved functional ability, increased confidence and safety to remain living independently in their homes by avoiding unnecessary hospitalisation (thereby reducing client stress and anxiety) and avoiding premature aged care placement.

Aged Care Assessment Team (ACAT):

The primary purpose of ACATs is to assist frail older people to gain access to the types of services most appropriate to meet their care needs. This includes determining the eligibility for some Commonwealth subsidised aged care services; including residential care, Home Care Packages, and Transitional Aged Care Program (TACP). ACATs aim to provide information and refer clients to services that are appropriate and available (including facilitating access to broader community services such as HACC, mental health or disability services) to meet their needs. Waverley ACAT at WMH is one of 4 satellite ACAT hubs comprising SESLHD ACAT. Waverley ACAT is provides a service for clients living in the Local

Government Areas of Waverley, Woollahra and parts of Inner Sydney. This includes community, hospital and residential aged care clients.

ACAT Centralised Intake Service:

WMH hosts the SESLHD ACAT Centralised Intake Service. The service has a manager and administrative staff employed via the LHD.

Transitional Aged Care Program (TACP):

- o War Memorial Hospital Transitional Aged Care Program operates 22 community based places in the northern sector of the SESLHD and 10 residential TAC places for the total SESLHD, accommodated in a Uniting Aged Care Facility in Woollahra. The Residential TAC places are subsidised by the SESLHD via contributions from the SESLHD community packages.
- o The TACP services people over 70 who are inpatients in hospital, have completed their acute and sub-acute care, are medically stable, meet the TACP Guidelines as assessed by the ACAT, are ready for discharge at assessment and discharged from hospital directly to TACP.
- o WMH TACP residential places are not bound by any District or Network boundaries.
- o Health Promotion Groups and Programs: Including Lite & Ezy Exercise program, Stepping On Falls Prevention Program, Falls Prevention Exercise group, Tai Chi, Walkwell group program of supervised walks, Soundwaves Parkinson's Aquatic Therapy Group.
- o Prince of Wales Hospital (POWH) Home Dialysis services: This POWH satellite service is accommodated at WMH through a contractual rental agreement. This satellite service provides renal dialysis and training for home dialysis. WMH will continue to accommodate this service on its campus on a renewable agreement arrangement.
- o Younger Onset Dementia (YOO) service; provides age appropriate activities, service and support to individuals between the ages of 45-65 years with a primary diagnosis of dementia who are independent in mobility, able to self-care and live in their own home. This programme is a unique model, targeting physical activity, socialisation and carer support to improve the quality of life and independence and reduce carer stress
- o Elizabeth Hunter Lodge; This is an accommodation service for Regional and Rural NSW patients/carers of metropolitan healthcare facilities such as POWH/RHW/SCH/SVH. It provides budget motel style accommodation throughout the onsite 'Lodge', cottage and self contained units. The EHL staff readily liaise with SESLHD staff in seeking to provide accommodation and support for guests at a time of need. It is supported by Uniting Ageing as a social justice component of our service.
- o Northern Network Area Referral Centre: are a shared WMH and POWH service providing a single point of access are triage service for the northern sector of SESLHD.
- Day Rehabilitation Service (iREAP): Integrated Rehabilitation and Enablement Programme partners with primary health, community providers and emergency departments to provide an anticipatory multidisciplinary day rehabilitation programme targeting those at risk of frailty, falls or with complex health needs including neurodegenerative conditions. The innovative model focuses on enablement strategies post programme, health coaching and patients generated goals setting principles to improve quality of life and prevent crisis admissions.
- o A list of the current committee membership is attached in section 8.

4 NSW health services and networks

4.1 Services planning

Affiliated Health Organisations and Districts are to collaborate in short, medium and long term planning processes relevant to the Organisation, including consideration of any capital and procurement.

4.2 Networks and services provided to other organisations

Each NSW Health service including AHOs are part of integrated networks of clinical services that aim to ensure timely access to appropriate care for all eligible patients. The Organisation must ensure effective contribution, where applicable, to the operation of statewide and local networks of retrieval, specialty service transfer and inter-district networked specialty clinical services as agreed.

4.3 District responsibilities to AHOs

In keeping with the AHO's recognised establishments and recognised services, Districts must negotiate, on the same basis as other facilities within the District, access to the following:

- Continuity of (non-inpatient) acute care services
- Specialised services (e.g. orthotics, specialised seating, bio-medical engineering, pathology, patient transport)
- Training programs, particularly mandatory training, run by the Health Education and Training Institute
- NSW support programs offered by pillar organisations
- eMR, eRecruitment, IIMS II (RiskMan) and other NSW Health systems conducive to the fulfilment of the AHO's service, quality and safety and clinical training obligations.
- Agreed and clearly articulated information management support for IT hardware, software and systems support and integration
- Engagement and participation of AHO Chief Executive Officers in District budget planning and negotiations.
- Access to capital support and the Asset Replacement and Refurbishment Plan where services are situated on NSW Health property
- Engagement and participation of AHO Chief Executive Officers in District senior leadership committees and with pillar and support organisations as required.
- EAP services
- Access to District Training and Development Services & courses

4.4 Key Clinical Services Provided to Other Health Services

The Organisation is also to ensure continued provision of access by other Districts and Networks, as set out in the table below. The respective responsibilities should be incorporated in formal service agreements between the parties.

Service	Recipient Health Service	
	St Vincent's Hospital Darlinghurst	
Aged Care Assessment Program	Sacred Heart Rehabilitation	
9-1-1-1-1-1-1-1-1-1-1-1-1-1-1-1-1-1-1-1	Sacred Heart Palliative Care	
	 Sydney/Sydney Eye Hospital 	

4.5 Cross district referral networks

Districts and Networks are part of a referral network with other relevant services, and must ensure the continued effective operation of these networks, especially the following:

- Critical Care Tertiary Referral Networks and Transfer of Care (Adults) (PD2018_011)
- Interfacility Transfer Process for Adult Patients Requiring Specialist Care (PD2011_031)
- Critical Care Tertiary Referral Networks (Paediatrics) (PD2010_030)
- Children and Adolescents Inter-Facility Transfers (PD2010_031)
- Tiered Networking Arrangements for Perinatal Care in NSW (PD2020_014)
- NSW State Spinal Cord Injury Referral Network (PD2018_011)
- NSW Major Trauma Referral Networks (Adults) (PD2018_011)
- Children and Adolescents with Mental Health Problems Requiring Inpatient Care (PD2011_016)
- Adult Mental Health Intensive Care Networks (PD2019 024)
- State-wide Intellectual Disability Mental Health Hubs (Services provided as per March 2019
 Service Level Agreements with Sydney Children's Hospitals Network and Sydney Local Health District)

4.6 Supra LHD services

Under the *NSW Framework for New Health Technologies and Specialised Services* (GL2018_023), Supra LHD services are provided across District and Network boundaries and are characterised by a combination of the following factors:

- Services are provided on behalf of the State; that is, a significant proportion of service users are from outside the host District's/Network's catchment
- Services are provided from limited sites across NSW
- Services are high cost with low-volume activity
- Individual clinicians or teams in Supra LHD services have specialised skills
- Provision of the service is dependent on highly specialised equipment and/or support services
- · Significant investment in infrastructure is required

Ensuring equitable access to Supra LHD services is a key focus. Supra LHD services are expected to establish efficient and effective referral networks to ensure all eligible patients in NSW have access regardless of their location.

Annual reporting processes are being trialled with selected services in 2021-22. These reports are being developed in collaboration with clinical teams and host districts and networks to ensure they are tailored to the requirements of specific services.

The following information is included in all Service Agreements to provide an overview of recognised Supra LHD services and Nationally Funded Centres in NSW.

Supra LHD service	Measurement unit	Locations	Service requirement
Adult Intensive Care Unit	Beds/NWAU	Royal North Shore (38) Westmead (49) Nepean (21) Liverpool (37 +1/286 NWAU21) Royal Prince Alfred (51) Concord (16) Prince of Wales (23) John Hunter (26) St Vincent's (21) St George (36)	Services to be provided in accordance with Critical Care Tertiary Referral Networks & Transfer of Care (Adults) policy. Units with new beds in 2020-21 will need to demonstrate networked arrangements with identified partner Level 4 AICU services, in accordance with the recommended standards in the NSW Agency for Clinical Innovation's Intensive Care Service Model: NSW Level 4 Adult Intensive Care Unit

Supra LHD service	Measurement unit	Locations	Service requirement
Mental Health Intensive Care	Access	Concord - McKay East Ward Hornsby - Mental Health Intensive Care Unit Prince of Wales - Mental Health Intensive Care Unit Cumberland - Yaralla Ward Orange Health Service - Orange Lachlan Intensive Care Unit Mater, Hunter New England - Psychiatric Intensive Care Unit	Provision of equitable access.
Adult Liver Transplant	Access	Royal Prince Alfred	Dependent on the availability of matched organs, in accordance with The Transplantation Society of Australia and New Zealand, Clinical Guidelines for Organ Transplantation from Deceased Donors, Version 1.6— May 2021
State Spinal Cord Injury Service (adult and paediatric)	Access	Prince of Wales Royal North Shore Royal Rehabilitation Centre, Sydney SCHN – Westmead and Randwick	Services to be provided in accordance with Critical Care Tertiary Referral Networks & Transfer of Care (Adults) and Critical Care Tertiary Referral Networks (Paediatrics) policies. Participation in the annual reporting process.
Blood and Marrow Transplantation – Allogeneic	Number	St Vincent's (38) Westmead (71) Royal Prince Alfred (26) Liverpool (18) Royal North Shore (39+8/103 NWAU21) SCHN Randwick (26) SCHN Westmead (26)	Provision of equitable access
Blood and Marrow Transplant Laboratory	Access	St Vincent's - to Gosford Westmead – to Nepean, Wollongong, SCHN Westmead	Provision of equitable access
Complex Epilepsy	Access	Westmead Royal Prince Alfred Prince of Wales SCHN	Provision of equitable access.
Extracorporeal Membrane Oxygenation Retrieval	Access	Royal Prince Alfred St Vincent's SCHN	Services to be provided in accordance with the NSW Agency for Clinical Innovation's ECMO services – Adult patients: Organisational Model of Care and ECMO retrieval services – Neonatal and paediatric patients: Organisational Model of Care

Supra LHD service	Measurement unit	Locations	Service requirement
Heart, Lung and Heart Lung Transplantation	Number of Transplants	St Vincent's (106)	To provide heart, lung and heart lung transplantation services at a level where all available donor organs with matched recipients are transplanted. These services will be available equitably to all referrals. Dependent on the availability of matched organs in accordance with The Transplantation Society of Australia and New Zealand, Clinical Guidelines for Organ Transplantation from Deceased Donors, Version 1.6— May 2021.
High Risk Maternity	Access	Royal Prince Alfred Royal North Shore Royal Hospital for Women Liverpool John Hunter Nepean Westmead	Access for all women with high risk pregnancies, in accordance with NSW Critical Care Networks (Perinatal) policy
Neonatal Intensive Care Service	Beds/NWAU	SCHN Randwick (4) SCHN Westmead (23) Royal Prince Alfred (22) Royal North Shore (16) Royal Hospital for Women (16+1/323 NWAU21) Liverpool (15+1/323 NWAU21) John Hunter (19) Nepean (12) Westmead (24)	Services to be provided in accordance with NSW Critical Care Networks (Perinatal) policy
Peritonectomy	NWAU	St George (116) Royal Prince Alfred (68)	Provision of equitable access for referrals as per agreed protocols
Paediatric Intensive Care	NWAU	SCHN Randwick (13) SCHN Westmead (22) John Hunter (5)	Services to be provided in accordance with NSW Critical Care Networks (Paediatrics) policy
Severe Burn Service	Access	Concord Royal North Shore SCHN Westmead	Services to be provided in accordance with Critical Care Tertiary Referral Networks & Transfer of Care (Adults), Critical Care Tertiary Referral Networks (Paediatrics) policies and the NSW Agency for Clinical Innovation's NSW Burn Transfer Guidelines.
Sydney Dialysis Centre	Access	Royal North Shore	In accordance with the Sydney Dialysis Centre funding agreement with Northern Sydney Local Health District

Supra LHD service	Measurement unit	Locations	Service requirement
Hyperbaric Medicine	Access	Prince of Wales	Provision of equitable access to hyperbaric services.
Haematopoietic Stem Cell Transplantation for Severe Scleroderma	Number of Transplants	St Vincent's (10)	Provision of equitable access for all referrals as per NSW Protocol for Autologous Haematopoietic Stem Cell Transplantation for Systemic Sclerosis, BMT Network, Agency for Clinical Innovation, 2016. Participation in the annual reporting process.
Neurointervention Services endovascular clot retrieval for Acute Ischaemic Stroke	Access	Royal Prince Alfred Prince of Wales Liverpool John Hunter SCHN	As per the NSW Health strategic report - Planning for NSW NI Services to 2031 Participation in annual reporting process. Participation in the annual reporting process.
Organ Retrieval Services	Access	St Vincent's Royal Prince Alfred Westmead	Services are to be provided in line with the clinical service plan for organ retrieval. Services should focus on a model which is safe, sustainable and meets donor family needs, clinical needs and reflects best practice.
Norwood Procedure for Hypoplastic Left Heart Syndrome (HLHS)	Access	SCHN Westmead	Provision of equitable access for all referrals
Telestroke	Access for up to 23 referring sites in rural and regional NSW	Prince of Wales	As per individual service agreements Participation in annual reporting process. Participation in the annual reporting process.

Supra LHD service	Measurement unit	Locations	Service requirement
High risk Transcatheter Aortic Valve Implantation (TAVI)	Access for patients at high surgical risk	St Vincent's Royal Prince Alfred Royal North Shore SESLHD John Hunter Liverpool Westmead	Delivery of additional procedures, including targeted for patients from regional or rural NSW in line with correspondence from NSW Ministry of Health All services must: Be accredited through Cardiac Accreditation Services Limited, including accreditation of the hospital and clinicians.
			 Establish referral pathways to ensure statewide equity of access Include high risk TAVI patients in surgical waitlists Undertake data collection as required by the ACOR registry and collect patient-reported outcomes and experience
			 Participate in the annual reporting and any required evaluation activities
CAR T-cell therapy: • Acute lymphoblastic	Access	Sydney Children's Hospital, Randwick	As per individual CAR T cell therapy service agreements.
leukaemia (ALL) for children and young adults:		Royal Prince Alfred Hospital	Compliance with the annual reporting process.
Adult diffuse large B- cell lymphoma (DLBCL)		Royal Prince Alfred Hospital Westmead hospital	
Gene therapy for inherited retinal blindness	Access	SCHN	As per individual service delivery agreement currently in development
Gene therapy for paediatric spinal muscular atrophy	Access	SCHN Randwick	As per individual service delivery agreement currently in development

4.7 Nationally Funded Centres

Service name	Locations	Service requirement
Pancreas Transplantation – Nationally Funded Centre	Westmead	As per Nationally Funded Centre Agreement - Access for all patients
Paediatric Liver Transplantation – Nationally Funded Centre	SCHN Westmead	across Australia accepted onto Nationally Funded Centre program
Islet Cell Transplantation – Nationally Funded Centre	Westmead	

5. Budget

Local Health Districts have responsibility for funding AHO service delivery across district borders where an organisation has statewide or cross-border sites listed in Schedule 3 of the Health Services Act 1997. The Budget includes an indicative split based on service delivery.

The Local Health District also undertakes to advise the AHO of opportunities for additional funding as they arise at any time, through the life of this Agreement.

The Australian Goods and Services Tax (GST) is outlined in Appendix A.

This schedule represents the NSW Treasury's transition to Outcome Budgeting (TPP 18-09) and aligns to the NSW Health Business Plan 2019-20 to 2022-23. The NSW Treasury Outcome Budgeting initiative intends to transform the way budget decisions are made, and resources are managed in the NSW public sector. The initiative aims to shift the focus of the NSW Government to deliver better outcomes for the people of NSW (TPP 18-09).

As this transition will take place across several years, figures listed in this schedule are currently unable to accurately be carried through from LHD/SHN budgets to each facility. Some facility figures will therefore be consolidated at a LHD/SHN level with investment allocation managed locally.

Figures included in this schedule do not include 2021-2022 stimulus funding in response to the COVID-19 pandemic.

* Activity Targets provided are from the prior year as an interim target. An updated attachment will be send once finalised

Additional activity - COVID related

If War Memorial Hospital exceeds its additional activity levels in order to support SESLHD and its hospitals in COVID-19 response, payment will be made in line with the daily NWAU rate * 0.186 * length of stay of public patients. War Memorial Hospital will provide appropriate documentation to support the payment which will be on occupied bed day basis.

5.1 Profit and Loss Statement

7. Performance against strategies and objectives

7.1 Key performance indicators

The performance of the Organisation is assessed in terms of whether it is meeting key performance indicator targets for NSW Health Strategic Priorities.

√	Performing	Performance at, or better than, target
7	Underperforming	Performance within a tolerance range
×	Not performing	Performance outside the tolerance threshold

Detailed specifications for the key performance indicators are provided in the Service Agreement Data Supplement. See:

http://hird.health.nsw.gov.au/hird/view data resource description.cfm?ltemID=47060

Outcome Indicators: These key performance indicators are reported to NSW Treasury under the NSW Health Outcome and Business Plan

7.2 Performance deliverables

Key deliverables will also be monitored, noting that process indicators and milestones are held in the detailed operational plans developed by the Organisation.

NSW Health outcome	Deliverable in 2021-22	Due by
Safety and	Quality Accounts	
Outcome 5	The Organisation will complete a Safety and Quality Account inclusive of an annual attestation statement as outlined by the <i>National Safety and Quality Health Service Standards</i> (Version 2.0).	31 October 2021
	The Account documents achievements and affirms an ongoing commitment to improving and integrating safety and quality into their functions.	
	It includes key state-wide mandatory measures, patient safety priorities, service improvements, integration initiatives, and three additional locally selected high priority measures.	
	Locally selected high priority measures must demonstrate a holistic approach to safety and quality, and at least one of these must focus on improving safety and quality for Aboriginal patients.	
Workplace	culture	
Outcome 5	The results of the People Matter Employee Survey will be used to identify areas of best practice and improvement opportunities.	
Outcome 5	The National Medical Training Survey will be used to monitor the quality of training and supervision medical officers receive and to identify areas where the system can improve its management of doctors in training to provide a safe working environment to deliver high quality care.	30 June 2022

9. Appendix

a) Australian Goods and Services Tax (GST)

Definitions and interpretation

(a) In this clause [insert GST clause number]:

Adjustment Note includes any document or record treated by the Commissioner of Taxation as an adjustment note or as enabling the claiming of an input tax credit for which an entitlement otherwise arises;

Australian Business Number has the same meaning as in A New Tax System (Australian Business Number) Act 1999 (Cth);

GST includes any replacement or subsequent similar tax;

GST Act means A New Tax System (Goods and Services Tax) Act 1999 (Cth);

New Tax System changes has the same meaning as in the Trade Practices Act 1974 (Cth); and

Tax Invoice includes any document or record treated by the Commissioner of Taxation as a tax invoice or as enabling the claiming of an input tax credit for which an entitlement otherwise arises.

(b) Terms defined in the GST Act have the same meaning in this clause *[insert GST clause number]* unless provided otherwise.

GST pass on

- If GST is or will be imposed on a supply made under or in connection with this agreement, the supplier may, to the extent that the consideration otherwise provided for that supply under this agreement is not stated to include an amount in respect of GST on the supply:
- (a) increase the consideration otherwise provided for that supply under this agreement by the amount of that GST; or
- (b) otherwise recover from the recipient the amount of that GST.

Later adjustment to price or GST

- If there is an adjustment event in relation to a supply which results in the amount of GST on a supply being different from the amount in respect of GST already recovered by the supplier, as appropriate, the supplier:
- (a) may recover from the recipient the amount by which the amount of GST on the supply exceeds the amount already recovered; or

- (b) must refund to the recipient the amount by which the amount already recovered exceeds the amount of GST on the supply; and
- (c) must issue an Adjustment Note in relation to the supply to the recipient within 28 days of the adjustment event where the recipient is not required to issue an Adjustment Note in relation to the supply.

Tax invoices/Adjustment Notes

The right of the supplier to recover any amount in respect of GST under this agreement on a supply is subject to the issuing of the relevant Tax Invoice or Adjustment Note to the recipient except where the recipient is required to issue the Tax Invoice or Adjustment Note.

Reimbursements

Costs incurred by a supplier that are required to be reimbursed or indemnified by a recipient, or used as the basis for calculation of consideration for a supply, under this agreement must exclude any amount in respect of GST included in the costs for which an entitlement arises to claim an input tax credit.

b) Data supplementation

The AHO will develop internal target ranges (facility level).

The below table outlines the SESLHD KPI targets as a guide.

KPI per 10,000 episodes of care	Target	Not Performing	Under Performing	Performing
Hospital acquired pressure injuries	<u>< 6.6</u>	> 7.2	> 6.6 and < 7.2	< 6.6
Falls resulting in Injuries in Hospital	< 6.4	> 6.9	>6.4 and < 7.9	< 6.4
Healthcare associated infections	< 114.9	> 117.2	> 114.9 and < 117.2	< 114.9
Hospital acquired respiratory complications	< 21	> 21.9	> 21 and < 21.9	< 21
Hospital acquired venous thromboembolism	<u>< 8</u>	<u>> 8.6</u>	> 8 and < 8.6	< 8
Hospital acquired renal failure	< 0.7	> 0.9	> 0.7 and < 0.9	< 0.7
Hospital acquired gastrointestinal bleeding	< 10.5	> 11.2	>10.5 and < 11.2	< 10.5
Hospital acquired medication complications	< 12.4	> 13.2	> 12.4 and < 13.2	< 12.4
Hospital acquired delirium	< 42.7	> 44.1	> 42.7 and < 44.1	< 42.7
Hospital acquired incontinence	<u>< 5.5</u>	> 6.1	> 5.5 and < 6.1	< 5.5
Hospital acquired endocrine complications (malnutrition)	< 25.9	> 27	>25.9 and < 27	< 25.9
Hospital acquired cardiac complications	< 30.5	> 31.7	> 30.5and < 31.7	< 30.5
